

Dear donors, supporters and helpers

To mark the one-year anniversary of the health centre in Khorlabesi, a dignified celebration was held on 7th November, which once again underlined the importance of this facility for the entire region.

Health

Since its opening, the hospital has made a significant contribution to the medical care and has quickly become a central pillar of the local health system. Dänel Brunner's work has been worthwhile. With great commitment, he has created something lasting here and so his dedication lives on.

The sponsors who travelled with us were able to see for themselves the necessity of this health centre.

Education

Even the journey to the school in Sindhupalchok was an impressive experience. The association supports the school with teachers' salaries and thus provides the children with a valuable education. The happy faces of the children and their gratitude shows us that it is necessary to continue to support this project.

Thank you very much for your support and trust in Earth C-Air.

We wish you a peaceful Advent and Christmas season. Stay healthy.

Namaste und vielen Dank! Merci! Grazie! Thank you!
